

Definitions

Wisconsin Stat. § 94.64 (1)(e)

"Fertilizer" means any substance, containing one or more plant nutrients, which is used for its plant nutrient content and which is designed for use or claimed to have value in promoting plant growth, except unmanipulated animal or vegetable manures, marl, liming material, sewage sludge other than finished sewage sludge products, and wood ashes. "Fertilizer" includes fertilizer materials, mixed fertilizers, custom mixed fertilizers, nonagricultural fertilizers and all other fertilizers or mixtures of fertilizers, regardless of type or form.

Wisconsin Stat. § 94.64 (1)(f)

"Fertilizer material" means an element or chemical compound, or a substance manufactured by chemical reaction, which: **1.** Contains one or more plant nutrients; and **2.** Constitutes a component of fertilizer or is used to compound fertilizer.

Wisconsin Stat. § 94.65 (1)(f)

"Soil or plant additive" means any substance which is intended to be applied to seeds, soil or plants and which is designed for use or claimed to have value in promoting or sustaining plant growth; improving crop yield or quality; promoting or sustaining the fertility of the soil; or favorably modifying the structural, physical or biological properties of the soil for agricultural purposes.

"Soil or plant additive" does not include:

- 1.** Fertilizer, as defined in s. 94.64 (1) (e).
- 2.** Liming material, as defined in s. 94.66 (1) (am), if the liming material is distributed solely for the purposes stated in s. 94.66 (1) (am).
- 3.** Wood ashes or unmanipulated animal or vegetable manure, unless distributed under another name or description.
- 4.** Pesticides registered under 7 USC 136 or by the department.
- 5.** Any other substance exempted by department rule.

Wis. Admin. Code § ATPC 40.02 (9)

"Fertilizer-additive combination" means a fertilizer combined with a soil or plant additive, or a fertilizer that is represented as having plant growth benefits beyond those attributable to the fertilizer's plant nutrient contents. "Fertilizer-additive combination" includes a fertilizer that is represented to contain enhancing elements other than cobalt or sodium.
